

Immunisation Requirements for CHASP Students

Wintec is required by some agencies/practitioners offering clinical placements to students, to hold documentary evidence of immunity and vaccination. This information may be shared as necessary with appropriate health professionals and placement providers.

Your GP will be able to provide you with evidence of vaccination from your medical records, or provide blood testing to ascertain your immune status if you do not have evidence of vaccination.

Please present this form to your GP to complete, and return the completed form, signed by your GP and yourself, with the appropriate supporting documents (laboratory reports etc), to your programme administrator as soon as possible after acceptance to the programme. (Students must meet the costs of any screening, treatment or vaccinations required).

Requirements:

Hepatitis B

- (i) Documented administration of three doses of Hepatitis B vaccine or
- (ii) Laboratory evidence of immunity or laboratory confirmation of disease

Measles

- (i) Documented administration of two doses of live measles or measles containing vaccine *or*
- (ii) Laboratory evidence of immunity or laboratory confirmation of disease

Mumps

- (i) Documented administration of two doses of live mumps containing vaccine *or*
- (ii) Laboratory evidence of immunity or laboratory confirmation of disease

Rubella

- (i) Documented administration of two doses of live measles, mumps, rubella (MMR) vaccine *or*
- (ii) Laboratory evidence of immunity or laboratory confirmation of disease

Tdap Vaccine

- (i) Documented evidence of administration within the last 10 years.

Varicella

- (i) A good history of previous varicella infection *or*
- (ii) Diagnosis or verification of a history of herpes zoster by a health professional *or*
- (iii) Documented administration of two doses of varicella vaccine *or*
- (iv) Laboratory evidence of immunity or laboratory confirmation of disease

Influenza

Wintec CHASP students will require an annual influenza vaccination during the declared influenza season when undertaking clinical placement in Waikato DHB facilities. Students who decline or are unable to receive the influenza vaccination will be required to wear appropriate personal protective equipment (PPE) such as surgical or procedural face masks.
